

# Help feed the bees!

Bees pollinate many fruits, nuts and vegetables. Today, they're facing a food shortage of their own and need better access to pollen and nectar sources. Help the Feed a Bee initiative plant flowers in all 50 states to feed bees and other pollinators. Because feeding bees helps us all. Join us at [FeedABee.com](http://FeedABee.com) and on social with [#FeedABee](https://twitter.com/FeedABee).

Join us at [FeedABee.com](http://FeedABee.com) to get updates on monthly events and new content. You can also get involved by sharing a bee to feed a bee. For every use of the  emoji and [#FeedABee](https://twitter.com/FeedABee), Bayer will plant wildflowers on your "bee-half."

Feed a Bee
